Pacific Coast Archaeological Society Quarterly

The *Pacific Coast Archaeological Society Quarterly* is a publication of the Pacific Coast Archaeological Society (PCAS), which was organized in 1961. PCAS is an avocational group formed to study and to preserve the anthropological and archaeological history of the original inhabitants of Orange County, California, and adjacent areas.

The Publications Committee invites the submittal of original contributions dealing with the history and prehistory of the area. Although PCAS is especially interested in reports which shed further light on the early inhabitants of Orange County, it is always interested in reports on the wider Pacific Coast region.

Subscriptions to the *Pacific Coast Archaeological Society Quarterly* cost \$35 for calendar year 2005. The PCAS also publishes a monthly newsletter, which costs \$15 for calendar year 2005. There is an additional postage charge for foreign subscriptions: \$9 for the *Pacific Coast Archaeological Society Quarterly* and \$4 for the *PCAS Newsletter*. Back issues of the *Pacific Coast Archaeological Society Quarterly* are available for \$12 per single issue (including postage and handling for domestic address). A complete list of the articles in previous issues is included in the 25-year index published as Volume 25, Number 4, (1989) and the 5-year supplement published as Volume 32 Supplement (1996). Three *Occasional Papers*, on Catalina Island, Mexican Majolica, and the Peralta Adobe, have also been published by PCAS. To place an order, receive information about the Pacific Coast Archaeological Society, or submit an article for publication, write to: Pacific Coast Archaeological Society, P.O.
